

Overview: From The Roots To Your Table

The Gun Food has been operating in concept since 2017. We started by representing smaller remanufacturers and connecting them to end users and consumers. Since then, we have expanded, becoming a one-stop shop for agencies, ranges, instructors, and your common shooters. We are highly involved with 2A Advocacy with groups such as the Second Amendment Foundation, numerous state organizations (AL, AZ, CA, CO, CT, DC, FL, GA, IL, MD, MA, MI, MO, NE, NH, NJ, NY, NC, OH, PA, SC, TN, TX, VA, WA, WY), and have partnered up with multiple Gun Owners of America events held around the country.

Patrick Collins (CEO) started as a competition shooter for USPSA, 3-Gun, and 5 Stand. After being approached by a Police Officer Standards and Training (P.O.S.T.) Certified Instructor, he headed down the path of teaching and educating shooters of all experiences on how to safely use their tools to defend themselves. While constantly advocating for the Second Amendment, his influential voice resonated and put him on target for legislation and political discussions. He has spoken at numerous state and national level events, trained various levels of the armed society worldwide, was involved in numerous promotional content for major brands, made appearances on prominent platforms, such as the Glenn Beck Show, and featured in specials on both Showtime and HBO.

Needless to say, both Patrick and The Gun Food fully support the Second Amendment!

How We Can Feed Your Appetite

We've identified 5 courses that will mutually benefit both parties:

- 1) Product Testing** - With staff partially consisting of three skilled engineers, our specialty is meticulous data collection and Failure Mode Analysis (DFMEA/PFMEA) to ensure product endurance and reliability.
- 2) Strategic Solutions, Engaging Feedback** - We can facilitate thorough testing of your product through our access to various ranges, products, and end users. From recording sessions to collecting data from user responses, we can provide honest and valuable feedback to our diverse audiences and customer base. Our tailored solutions and processes will not only improve your product's quality, but save you time and money in the R & D process.
- 3) Cross Branding and Marketing** - Your success becomes intertwined with ours, creating a mutually beneficial scenario through our established relationships.
- 4) Network and Influencer Collaboration** - Leverage our collective 40 years of expertise in competition shooting, instruction, content creation, and Pro 2A activities. Our network will serve you with unparalleled reach and influence in varying demographics.
- 5) Expanding your Reach** - On average, we ship nearly 30 "consumer" packages a week. Get in front of our customers by getting "in" our boxes. Everyone loves receiving swag, samples, tips, and product suggestions.
